Subject: The CEDARS Data Warehouse is Back Online

Dear CEDARS Data Warehouse User,

The CEDARS Data Warehouse is now back online for all users. The CEDARS team and ITS determined that additional certificates were needed to continue to connect with NCID.

Thank you for your patience as the CEDARS team and ITS worked to resolve the issue.

Please feel free to contact us at [cedars-info@dpi.nc.gov](mailto:cedars-info@dpi.nc.gov) with any questions.

Thank you,
